I am an entry-level Front-End Developer who is completing a National Certificate in Systems development(NQF Level5), through an online based institution IT varsity, Durban. I have strong technical skills namely(HTML, CSS, JavaScript, Graphic Design and WordPress) as well as excellent interpersonal skills, enabling me to interact with a wide range of people. I am eager to be challenged in order to grow and further improve my IT skills. My greatest passion in life is using my technical know-how to benefit other people and organisations.

I am looking for a new role in Web Development and Digital Marketing in which I can put into practice my knowledge and experience, ultimately benefiting the operations of the organisation that I work for.
